Y3/4 English Homework

Remember to read your reading book and write in your diary at least 5 times and practise your spellings before your spelling test on Friday.

This week we have been writing instructions for How to wash a woolly mammoth! Now it is your turn to show us what you can remember by yourself. We'd like you to write some instructions for making something to eat. It could be a sandwich, but if you want to do some baking or cook a meal with a grown-up, that is fine too!

Start by making it and then see if you can record what to do for someone else to follow. Think about the equipment and ingredients they will need and then record each step in a full sentence. Can you include these things?

- title
- a number for each point
- fronted adverbials with a comma
(*First, Then, When you have done that,*)
- imperative verbs
(*get, put, mix, taste*)
- top tips!

Challenge:

If you'd like to challenge yourself, see if you can add a question at the beginning and an exclamation sentence (starting with how or what) at the end.

For example:

Would you like to bake the world's tastiest cake?

What a delicious sandwich you have made!
