

English Homework

Remember to read your reading book and write in your diary at least 5 times and practise your spellings before your spelling test on Friday.

Finish the sentences by adding another main clause (a whole sentence that makes sense by itself) after the coordinating conjunction. Look at my example:

The mushrooms are made of chocolate and they taste delicious.

Main clause Coordinating conjunction Main clause

There is milk chocolate and _____
_____.

The snails look tasty but _____
_____.

I love chocolate so _____
_____.

Extension: Can you underline the coordinating conjunctions?
